

INTERNATIONAL CREDIT UNION DAY®

Thursday, October 20, 2022

Why do hundreds of millions of people worldwide choose credit unions? Because credit unions have a “people-first” philosophy that impels them to continually improve their communities and the lives of their members. This local service feeds a worldwide network that reaches more than 375 million members across the globe. This October, credit unions and financial cooperative members around the globe will be celebrating 74 years of International Credit Union Day. We hope you will join us at S2SCFCU as we celebrate this special day with our members.
